“I think it is important for the youth of Australia to understand how our future will unfold and how we can deal with changes. I am a young person that mixes with other young people, and hope to become one of our community leaders.”

Amanda Malone

Nannup Resident
Employed in Environmental
Management

"It is often difficult to see how young people can fit into the system and be heard. This conference will provide an excellent opportunity to interact with some forward thinking people and identify further opportunities to influence the future development of our region."

Deanna Guimelli

**Bunbury Resident
Employed in Community Development**

"As a young person working within the children and youth sector I think the conference theme is very relevant to the work I do. I feel that it would be beneficial for me to be involved in discussions regarding the future of regional and rural communities to hear other perspectives and also to participate as an advocate for children and youth issues."

**Take the opportunity
to influence the future.**

Thank you.
